Cuddly couple seek a new home

ERIN PEARSON

INSEPARABLE Maltese crosses Katie and Oscar are hoping to find a new home after their elderly owners suffered failing health.

Cherished Pets Foundation vet Alicia Kennedy said the "beautiful dogs are

currently in safekeeping but need a loving home".

"They are beautifully behaved and have been used to the Ocean Grove beach lifestyle," she said.

Cherished Pets Foundation is a registered charity that develops and delivers community-based pet care projects that include end of

pet life support and compassionate home euthanasia, and professional support through times of transition and crisis on the Bellarine.

Dr Kennedy said Katie and Oscar were vet checked and groomed.
